

CLASH BETWEEN STATE AND FEDERAL OFFICIALS

Caused by Appearance of Two Steamboat Inspectors Handcuffed Together.

EASTLAND INQUIRY RESUMED

Application for Writ of Habeas Corpus to Secure Release of Men From State Officers Filed in United States District Court.

CHICAGO, August 2.—Conflict between the Federal Department of Commerce and the Illinois State Police, arose to-day at the investigation of the steamer Eastland disaster because Robert Reid and C. C. Eckhoff, Federal steamboat inspectors who gave the Eastland a clean bill of health, were brought before Secretary Redfield and the steamboat inspection service board, handcuffed together.

Application for a writ of habeas corpus to take the inspectors from State officers was filed in the United States District Court by the inspectors' attorney, after a consultation with Solicitor Thurman, of the Department of Commerce. Judge Landis will hear the case to-morrow.

During the day several members of the steamboat inspection service testified before Secretary Redfield, who is conducting an inquiry as provided by the rules of his department. Late in the day, while Ira B. Mansfield, inspector of hulls at Chicago, was testifying, inspectors Reid and Eckhoff, who were brought before the secretary, were handcuffed together.

If these government inspectors are to be handcuffed and treated in this manner by State officers, said Solicitor Thurman, "I shall start a fight for jurisdiction over them."

State's Attorney Hayne was called to confer with United States District Attorney Clyde and Mr. Thurman. Mr. Hayne said he did not order the sheriff to handcuff the inspectors. He also stated he would oppose the removal of the inspectors from the jurisdiction of the State. As Reid and Eckhoff had already been subpoenaed by the Federal grand jury, it was decided that they should not again be asked to give evidence to the Secretary of Commerce's board.

In the hearing to-day Secretary Redfield read from instructions to steamboat inspectors a section advising them that the burden of proof was on them to show that they were not responsible for accidents to steamers. These instructions were issued by the Department December 8, 1913.

No bodies were recovered from the capsized Eastland to-day, the known remains amounting at \$35, with 112 reported missing.

found some way to accommodate their differences, the United States would be constrained to decide what means should be employed to restore peace. OFFICIALS DISTURBED BY REPORTS ABOUT VILLA.

The State Department was disturbed to-day by reports that General Villa had driven American and other foreign merchants from Chihuahua, confiscated their property and executed six of their Mexican colleagues. American consular agents were called upon for immediate reports. Protests came from diplomatic representatives of several foreign powers.

General Carranza's representative, said he would endeavor to learn the facts from his chief. Carranza advisers here are hopeful that the United States soon will recognize a de facto government to be set up in Mexico City by Carranza's forces, and they have urged him to decide and immediate action toward reopening rail and wire communication with the United States, and to establish relief of the food shortage by establishing government in Mexico City and effect a settlement of the money question, so that business may be restored. Secretary Lansing flatly denied to-day that plans for the recognition of any government had been considered.

In a message to his agency to-day, General Carranza said trainloads of provisions were forwarded to Mexico City Sunday and Monday, and that trains which had been held up along the route several weeks ago had been ordered into the city. He said he realized the necessity for urgent action, and was doing all that he could to overcome obstacles to rapid transportation.

The evacuation of San Luis Potosi by Villa's force and its occupation by Obregon was officially reported.

San Juan, J. C. Carranza, Red Cross agent in Mexico City, reported good conditions there as alarming, stating that some people were eating grass, leaves and dead horses and mules.

Arnold Shanklin, former American consul-general at Mexico City, who was recalled because of differences which arose between him and the Brazilian minister, who is caring for American interests there, arrived to-day. He will see Secretary Lansing to-morrow.

**GERMAN-AMERICANS MOST HUMAN OF ALL NEUTRALS**  
Dr. Hexamer Says It Is Not Expected That Their Position Will Be Appreciated While War Lasts.

SAN FRANCISCO, August 2.—Dr. C. J. Hexamer, of Philadelphia, speaking at the banquet to-night of the German-American Alliance, said that while the war lasted it was not to be expected that the German-American position would be fully appreciated.

"I do not want to be prophetic," he added, "but I believe the future will prove us right. The time will come when the American, even the boldest Anglo-American, will admit that the German-American is the most humanized and therefore the most humane of all neutral American citizens. They will then praise us as much as the Allies praise us as being condemned by a small minority."

To-day the alliance began a three days' convention here. In the first business session, Dr. Hexamer emphasized that the organization stood for the perpetuation of friendly relations between the United States and Germany. The convention adopted the secretary's report, embodying the recommendation that nationwide prohibition be opposed.

The report of Secretary Adolph Timm, of Philadelphia, called attention to the plan of campaign of the prohibitionists as outlined at Atlantic City recently, and expressed the belief that "strong agitation by the liberal element is largely necessary."

President Hexamer said to-night that it was expected resolutions dealing with the prohibition question would be introduced before the convention during the session. The German-Americans, he said, were rather opposed to the prohibition question, but the result sought, and felt that the result would be a better means of controlling the drink habit.

**STATE BOARD CALLED**  
Educators Will Meet Here on Tuesday, August 10, for Routine Business.

Superintendent R. C. Stearnes has called a meeting of the State Board of Education at the State Capitol building, Tuesday, August 10, at 10 o'clock, on which occasion a number of routine matters will be disposed of. It is possible that at this session of the board the vacancy in the school superintendent of Henrico County may be filled. There are a number of candidates for this position, which, at present, is being held by Trustee J. B. Dowden, who has been designated to act temporarily as superintendent.

Superintendent Stearnes is in receipt of the resignation of W. B. Coggin, superintendent of schools of the division composed of the Counties of Edgecumbe, James City and Kent. Mr. Coggin desires his resignation to take effect October 15, 1915. It is his purpose to retire from office in order that he may spend one or two years in a vacation at his home in Kent. Mr. Coggin has completed the special course which he has in view. Mr. Coggin is a graduate of the College of William and Mary. His work among the rural schools of his division has won him much commendation in the past.

**POST-OFFICE RECEIPTS NOT AS LARGE AS LAST YEAR**  
Decrease Attributed to Large Amount of Mail Matter in Prohibition Campaign of 1914.

Postoffice receipts for July show a falling off of \$7,876.25 from the receipts of the corresponding month last year. Receipts for the month just closed amounted to \$67,022.2, a decrease from \$75,922 from the same month of 1914, and \$5,944.16 from second, third and fourth class mail matter and box rent. In July, 1914, the stamp receipts amounted to \$15,153.75, and the receipts from second class mail and box rent amounted to \$8,785.65. The large decrease in the receipts for July, 1915, is accounted for by the fact that last year vast quantities of booklets and other literature were sent out from Richmond as the result of the campaign for State-wide prohibition.

In July, 1913, regarded as a normal year, the postoffice receipts amounted to a total of \$85,222.2, showing an increase for July of this year over July, 1913, of \$1,855.16.

The customs receipts for July reached a total of \$75,255.5, a decrease from the amount taken in July a year ago—\$75,534.55. Of the receipts taken in during the month just closed, \$71,615.74 was from tobacco.

**CONFISCATES THEIR STORES**  
Tells Them All That His Telegraph Wires Will Be Open to Them, So They Can Protest to Their Governments—Mexicans Executed.

EL PASO, TEX., August 2.—"The American government can go to hell," declared General Francisco Villa, addressing a gathering of foreign merchants at Chihuahua City on Saturday.

Shortly afterward he confiscated a number of the merchants' stores. Forty-two Mexican merchants were jailed after the conference held on Saturday, for the purpose of raising a forced loan, and six were executed. Such was the substance of reports brought here to-day by foreign merchants.

According to the merchants, General Villa stamped up and down the room where foreign and Mexican business men were assembled in the Governor's palace and shook his fist in the faces of the thirty or forty present. Some of the foreigners were escorted to the meeting under guard.

"I am going to take your business for the benefit of the state," he declared. "To-morrow at noon a train will be ready to take you foreigners to the border. We are poor here, and I will not send bread or water on the train. Meanwhile, you Americans and Germans and Frenchmen, my telegraph wires will be open to you, and you can protest to your governments."

"If the American government does not like my action, it can go to hell—I have been fighting for twenty years, and I am willing to fight as many years more."

The tirade ended, it was said, with a general order for the confiscation of all stores in Chihuahua by the Villa government.

The train which was to carry the expelled foreigners to the border was to leave Chihuahua City on Sunday at 11 A. M. It had not arrived at the border to-night.

**ORNELAS DENIES REPORTS OF VILLA'S INSOLENCE**  
EL PASO, TEX., August 2.—A general denial that foreign merchants were expelled by General Villa, that there were any executions of Mexican merchants on Saturday at Chihuahua City or that General Villa used "insolent" language toward the United States government was made to-night by General Ornelas, commander of the Villa forces at Chihuahua.

General Ornelas said he had attended the conference between General Villa and the merchants on Saturday.

The general added that General Villa, military governor of Chihuahua, had received several complaints against merchants of Chihuahua City regarding the "exorbitant speculation" they were practicing with their goods, some of which were out of reach of even the well-to-do.

"The representations made by Governor Avila as well as the orders he dictated in the premises," said the statement, "were not heeded, especially by some of the foreign merchants who were expelled from the city. As foreigners, and whose behavior was followed by Mexican merchants, who insisted they had the same rights as foreigners."

"General Villa, after studying the conditions, summoned a meeting and stated to the merchants that in view of their resistance to the government measures designed to smooth out difficulties, he had decided to intervene in their business, taking all their stock of merchandise to which he would pay cash at invoice price, allowing them in addition 15 per cent profit. The stores of some Mexican merchants also were taken over, and some of the owners were jailed. It is some of the owners who were expelled from the city. It is some of the owners who were expelled from the city. It is some of the owners who were expelled from the city."

"The foreign merchants have not been expelled from the State, but should any of them desire to leave the country they are at liberty so to do and they will enjoy guarantees."

**SEIZURE OF LETTERS LEGAL**  
Federal Judge Decides Against Plea of John L. Cusher.

FORT SMITH, ARK., August 2.—The seizure of correspondence from the Kansas City office of John L. Cusher, former head of the Rush Distilling Company, now under indictment here with other officers and employees of the internal revenue law, was declared legal in a decision handed down by Federal Judge Frank A. Youmans. The correspondence is said to have furnished the clues on which the government agents searched for evidence on the indictments were returned.

The government authorities say the letters were correspondence between Cusher and Knox Booth, former head of the internal revenue service of Tennessee. Cusher brought suit to restrain the letters, alleging that the seizure was a violation of the Federal Constitution. Judge Youmans held the seizure was duly authorized, and that the finding of the letters was merely accidental.

**VILLA DEFIES AMERICAN GOVERNMENT TIRADE**  
Special Meeting of Board to Be Held on Thursday Afternoon. Directors Resign.

Special appeal for increased membership was made last night in the meeting of the board of directors of the Civic Association of Richmond, held by Thursday afternoon at 3:30 o'clock, when a called meeting is to be held. It is expected that the list of members will exceed 2,000. It was announced last night that the membership had already been doubled since the association was founded, and the names of 500 new members were brought in.

John Koer branch said that every member should try to bring in 100 names, and on his motion the whole board of directors constituted itself as part of the membership committee.

Meade Addison, chairman of the finance committee, reported that he was receiving sympathetic support from the board for immediate needs. Harold Bloomberg, chairman of the publicity committee, reported that he was receiving sympathetic support from the board for immediate needs.

Because of business reasons, illness and because some of them are associated with the Council Joint Commission on Charter Change, the following members quit in and had their resignations accepted: W. Floyd Reams, M. R. Pace, O. J. Sands, Ashton Starke, J. T. Disney and F. H. Garber. All of them will, however, retain their membership in the association.

**ADJOURNS TO THURSDAY**  
Common Council Falls of Sufficient Number to Vote on Appropriations.

Midsummer heat and a political mass-meeting of the first magnitude at the City Auditorium, and the general unrest that precedes a city-wide primary, reduced the attendance at the meeting of the Common Council last night to thirteen. After twenty minutes of work it was found that this quorum was not large enough to deal with a number of appropriation measures on the docket, and the body adjourned at 9 o'clock to finish its work Thursday night.

The measure of importance that received attention was the ordinance authorizing the closing of Louisa Avenue, between Tilden and Clay Streets, on condition of certain dedications to private property owners, asked for the closing of the street. The measure, which has already been passed by the Board of Aldermen, was unanimously concurred in.
